

Warehouse Operative

Leaffield Logistics and Technical Services Limited is recruiting for a warehouse operative. It would suit an ex Private or Lance Corporal who is either a Logistic Supply Specialist or has worked in a QM's department. That said, we are open to providing training for the right person from a different trade. The job is working in a small team within the warehouse which is a large aircraft hanger at Colerne (SN14 8HT). The applicant will need to be fit, enthusiastic, pay attention to detail, and be good at engaging with customers. The stock is mostly on the MOD's inventory so we still work with NSNs and with the company having a high proportion of veterans, you should rapidly feel at home. Although this is a starting position, there will certainly be opportunities to advance.

Essential Qualifications:

Car licence.

FLT licence.

Desirable:

HGV licence

Knowledge of international shipping documentation

Benefits:

Starting wage: £22-24,000 per year.

Performance bonus

Pension scheme

Health Insurance

25 days holiday plus bank holidays

Working Hours

Mon-Thu 0800-1700

Fri 0800-1200
