

LEVEL 7 POST GRADUATE CERTIFICATE IN WIRELESS COMMUNICATIONS

Course Aim

The PG Cert (Level 7) in Wireless Communications programme for the CSS Communications Specialist Class 1. The course aim is a study the key design aspect of modern wireless and radio engineering, cellular networks and advanced wireless technologies.

Entry Eligibility

Communications Specialist Class 1.

Duration

14 days concurrent training (inclusive of weekends).

Cost and Payment

£3500 inclusive of VAT & Uni fees:

Breakdown:

£3500 - £1500 ELC = £2000.

£1500 - £625 RLC funding = £875 **RLC ONLY** (CSS Personnel will have to apply for funding through their cap badge if desired or pay the full £1500).

Personal contribution = £875 **RLC ONLY** (payment instalments can be made in 3 monthly instalments by all embarking on the programme).

Method of Delivery

Classroom based training for 14 days

Modules

Module 1 – [Radio Frequency \(RF\) Engineering 7CS005](#)

Module 2 – [Design and Implementation of Cellular Networks 7CS004](#)

Module 3 – [Advanced Wireless Technologies 7CS003](#).

Assessment

Assessments will be completed in 6 months by completing three 4000-6000-word academic assignments.

Tutor Support

All learners will be allocated a mentor who will provide full support to the learner as required.

Equipment Required

No equipment is formally required to complete the Post Graduate.

Enrolment Process

Conducted by the Training Officer at DST Leconfield via Ubi Tech.

Further Information

More information regards the course can be found on the Ubi-Tech Website hyperlinked [here](#).
